Provide Resold Local Exchange Service
and For Determination that Services of the Applicant are Competitive

ARIZONA CORPORATION COMMISSION
DOCUMENT CONTROL

Applicant: OnePoint Services, L.L.C.
Docket No.: T-03855A-00-0169

On March 14, 2000, the Applicant filed an application for a Certificate of Convenience and Necessity (CC&N) to provide resold local exchange services in the State of Arizona.

Staff reviews such applications and makes a recommendation to the Commission that the application be approved or denied. In arriving at its recommendation, Staff assesses the following criteria: a) sufficiency of the application, b) technical and managerial capability of the Applicant, c) financial capability, d) proposed tariff, e) complaint history of the Applicant, and f) whether the Applicant's proposed rates will be competitive, just, and reasonable.

REVIEW OF APPLICANT INFORMATION

- ☐ The necessary information has been filed to process this application, and the Applicant has authority to transact business in the State of Arizona.
- ☒ The Applicant has published legal notice of the application in all counties where service will be provided.

REVIEW OF TECHNICAL AND MANAGERIAL INFORMATION

- ☒ **The Applicant has sufficient technical and managerial capabilities to provide resold local exchange service in the State of Arizona.**

The Applicant is currently providing telecommunications services through the companies wholly-owned subsidiary, R.C.P. Communications, Inc. In addition to Arizona, R.C.P. Communications, Inc. currently markets prepaid calling cards in 22 states. The Applicant does not have a resale agreement with U S WEST Communications, Inc. OnePoint will file its resale agreement with the Commission upon Execution. Based on this information, Staff has concluded that the Applicant has sufficient technical and managerial capabilities to provide resold local exchange service.

REVIEW OF FINANCIAL INFORMATION

- ☐ **The Applicant has sufficient financial resources to provide resold local exchange service in the State of Arizona.**
- ☒ **The Applicant lacks sufficient financial resources to provide resold local exchange service in the State of Arizona absent the procurement of a performance bond.**

The Applicant has provided its financial statements from its parent company OnePoint Communications, Corp. for the year ended December 31, 1999. These financial statements indicate that the Applicant has total assets of \$81.4 million, negative equity of (\$90 million), and a net loss of (\$51 million) based on revenues of 22.1 million. Based on this information, Staff believes the Applicant lacks sufficient financial resources to provide resold local exchange service in the State of Arizona absent the procurement of a performance bond.

Since this Applicant does not appear to have sufficient financial resources, Staff believes that any deposits prepayments, and advances received from the Applicant's customers should be protected by the procurement of a performance bond. Further, measures should be taken to ensure that the Applicant will not discontinue service to its customers without first complying with A.A.C. R14-2-1107.

To that end, Staff recommends: 1) that the Applicant procure a performance bond; 2) that the amount of the performance bond account be sufficient to cover 60 days revenue from its customers, and any prepayments or deposits collected from the Applicant's customers; 3) that the amount of the performance bond be increased if at any time it would be insufficient to cover the aforementioned requirement; 4) that if the Applicant desires to discontinue service it file an application with the Commission pursuant to A.A.C. R14-2-1107; 5) that the Applicant be required to notify each of its customers and the Commission 30 days prior to filing an application to discontinue service pursuant to A.A.C. R14-2-1107; 6) that failure to meet requirement number 5 will result in forfeiture of the Applicant's performance bond; 7) that proof of the performance

bond be docketed within 30 days of a Decision in this matter, or prior to the provision of service, whichever is first; and 8) that after one year of operation under the CC&N granted by the Commission, Staff recommends that the Applicant be allowed to file a request for cancellation of its established escrow account/surety bond. Such request should be accompanied by information demonstrating the Applicant's financial viability. Upon receipt of such filing and after Staff review, Staff will forward its recommendation to the Commission for a Decision that the requested cancellation is in the public interest.

REVIEW OF PROPOSED TARIFF

- ☒ **The Applicant's proposed tariff fulfills the requirements of the Commission.**

The Applicant has filed a proposed tariff with the Commission. Staff has determined that the Applicant's proposed tariff fulfills the Commission requirements.

REVIEW OF COMPLAINT INFORMATION

- ☒ **Complaints against the Applicant (if any) are not sufficient to deny the application to provide resold local exchange service in the State of Arizona.**

The Applicant has neither had an application for service denied, nor revoked in any state. There are, and have been, no formal complaint proceedings involving the Applicant. There have not been any civil or criminal proceedings against the Applicant. Consumer Services reports no complaint history within Arizona.

COMPETITIVE SERVICES' RATES AND CHARGES

- ☒ **The Applicant's proposed rates will be competitive, just, and reasonable.**

The Applicant is a reseller of services it purchases from other telecommunications companies. It is not a monopoly provider of service nor does it control a significant portion of the telecommunications market. The Applicant cannot adversely affect the local exchange market by restricting output or raising market prices. In addition, the entities from which the Applicant buys bulk services are technically and financially capable of providing alternative services at comparable rates, terms, and conditions. Staff has concluded that the Applicant has no market power and that the reasonableness of its rates will be evaluated in a market with numerous competitors. In light of the competitive market in which the Applicant will be providing its services, Staff believes that the Applicant's proposed tariffs for its competitive services will be just and reasonable.

The Commission provides pricing flexibility by allowing competitive telecommunication service companies to price their services at or below the maximum rates contained in their tariffs as long as the pricing of those services complies with A.A.C. R14-2-1109. The Commission's rules require the Applicant to file a tariff for

each competitive service that states the maximum rate as well as the effective (actual) price that will be charged for the service. Staff recommends that the Applicant's competitive services be priced at the rates proposed by the Applicant in its most recently filed tariffs. In the event that the Applicant states only one rate in its tariff for a competitive service, Staff recommends that the rate stated be the effective (actual) price to be charged for the service as well as the service's maximum rate. Any changes to the Applicant's effective price for a service must comply with A.A.C. R14-2-1109.

A.A.C. R14-2-1109(A) provides that minimum rates for the Applicant's competitive services must not be below the Applicant's total service long run incremental costs of providing the services. The Applicant's maximum rates should be the maximum rates proposed by the Applicant in its most recent tariffs on file with the Commission. Any future changes to the maximum rates in the Applicant's tariffs must comply with A.A.C. R14-2-1110.
